

# **AN ODE TO THE VETS**

## **"This is Us"**

**The eyesight is fading  
The hearing's the same  
Sometimes we have trouble  
Just remembering a name**

**The breathing is laboured  
The blood pressure is low  
The heart rate is racing  
But sometimes it's too slow**

**These are the problems  
That we face every day  
But it's all part of ageing  
At least that's what they say**

**Monday golf with the Vets  
Is not quite the same  
And the Corona Virus  
Is who we can blame**

**But we must all stay strong  
Till things get better  
Because my friends  
"We're All In This Together"**
