

PAINFUL GOLF

**My body is aching
It's affecting my game
My hip needs replacing
My knee maybe the same**

**My swing is restricted
I can't follow through
A low running stinger
Is the best I can do**

**My pitching and chipping
Are really not bad
But getting out of a bunker
I find it quite hard**

**My putting has saved me
Time after time
The best club in my bag
Is this old putter of mine**
